

## Basic Projection Training St. George's, Tunis

Martin Lawson  
20 Sept 2009

Cartoons from  
[cartoonchurch.com](http://cartoonchurch.com)

THESE DAYS WE DO NOT NEED HYMN BOOKS  
AS ALL OF THE WORDS TO THE SONGS  
CAN BE FOUND ON THE INTERNET

CartoonChurch.com

## General stuff

- Thank you for coming!
- Part of a team
  - Turning up on time
  - Working with others
- Desk at back is 'Work' space
  - Once we've trained,  
we'll only have 'working' people there
- Possible to 'Worship' too

# System

- Equipment
  - Desktop PC running Windows XP and Microsoft Powerpoint
  - Data projector
  - Projection screen
  - Second screen for music group
- Why two screens?
- How does it work?

# Turning it on and off

- Projector
  - Khaled keeps it in the office
  - It will normally be connected
  - At the end let it cool down before it is unplugged
- Computer
  - Turning on socket(s)
  - Logging in  
*Password is 'george'*
  - Presentation should be there
  - Starting it up
    - Double click on the file
    - Press F5 or click the 'show' button
  - Logging off

## Some challenges

---

- Mouse on wrong screen
  - *Move the mouse widely left and right*
- 'Focus' on wrong screen
  - *Click once somewhere on the screen (not a button!)*
- Qwerty / Azerty keyboard
  - *Either use the icon to change, or ignore keyboard*
- Readings in 'wrong' language
  - *Read slowly and advance after reading*
- Switching presentations
  - *Use the 'Windows' key to pull up menu and bar*
- Other challenges?
